

WA WETLAND MANAGEMENT CONFERENCE 2019

Sponsorship Invitation

World Wetlands Day, Friday 1st February 2019 The Wetlands Centre Cockburn

The WA Wetland Management Conference Steering Committee would like to offer you an exciting opportunity to sponsor the 15th Annual WA Wetland Management Conference at The Wetlands Centre on Friday 1st February 2019.

This pre-eminent event, in celebration of World Wetlands Day, will bring together key note speakers, academics and practitioners involved with wetland management and protection.

The primary objective of the Conference is to provide an annual opportunity for the exchange of information and ideas between wetland practitioners, academics and government staff with a focus on the latest developments about how to effectively manage and restore wetlands.

This year's theme follows the Ramsar theme for 2019 of "Wetlands and Climate Change". Please visit <http://www.worldwetlandsday.org/welcome> for further information. Sub-themes include wetland management and restoration, wetland education and wetland policy.

Audience Past conferences have brought together community conservation volunteers, landowners, local and State Government officers, students and academics, political representatives and private sector environmental officers involved with wetland management. All past conferences have been booked to capacity with 160 delegates attending.

The venue The Wetlands Centre Cockburn is ideally located on the northwestern side of Bibra Lake in the heart of the Beeliar Regional Park, 16 kilometres south of the Perth central CBD.

Waste-wise event The conference strives to minimise its environmental impact by encouraging delegates to car-pool and bring their own water bottles. We also provide re-usable coffee mugs, glasses and plates, produce e-program booklets and use recycled paper. We encourage the display of promotional material on common tables or at exhibition spaces, rather than in conference kits, ensuring only interested persons take the relevant material.

Sponsorship opportunities

Applications are sought for sponsorship of the 2019 conference. Four sponsorship opportunities are available for you to support the WA Wetland Management Conference. One major sponsor and one gold sponsor are required to support the event. The sponsorship categories are cash contributions and are GST-inclusive.

Benefits of sponsorship include:

- Access to a diverse audience of academics, on ground practitioners and government
- Increased exposure and visibility through the inclusion of your logo and website on conference website, program and proceedings.
- Complimentary registration/s to the conference
- Exhibition space

Current silver sponsors include the City of Cockburn and the Department of Biodiversity, Conservation & Attractions.
